

McGraw-Hill Education Tablet App ConnectED K-12 Mobile App

How to Download:

1. On any tablet device (*Android, Win8, or iPad 2* \hat{u}), go to the specific App Store and search for McGraw-Hill School.
2. Locate the McGraw-Hill K-12 ConnectED Mobile app (*Free*), and download. 
3. The ConnectED Mobile App allows you to download the Student eBook.
4. Planning, assigning, or testing capabilities are NOT available through the ConnectED Mobile App. These things CAN be done through the tablet browser.
5. Once the eBook has been downloaded to the tablet, teachers and students can access those materials without an Internet.

Also Download:

1. On the tablet, go to the App Store and search for Adobe Reader. 
2. Locate the Adobe Reader app (*Free*), and download.
3. This will be used for annotating on PDF based resources from the ConnectED webpage through the browser.

Download the eBook as a Student:

1. Open the Connected Mobile App and log in with your specific username/password. This is the same username/password as when you log in to the ConnectED webpage via a computer.
2. Scroll to the correct title and select Download eBook (only available for Student Edition).
3. An indicator number will appear in the Downloads area at the bottom of the screen. (Be aware that this may take several minutes depending on your download speed.)

Browser use for Teachers/Students:

Use the browser, to achieve full McGraw-Hill Education functionality through ConnectED.

1. Launch the selected browser
2. Go to connected.mcgraw-hill.com
3. Log in with the specific username/password
4. Use the resources and tools as you would on a computer. Due to limitations of some tablet devices, some flash assets may not be viewable on all tablets.
